

# JASDEEP KAUR, RN

Markham, ON | 437-313-5081 | Jasdeepkaur4881@gmail.com

## PROFESSIONAL SUMMARY

Registered Nurse (CNO 2026) with clinical experience in high-acuity hospital settings, including General Wards and ICU. Compassionate caregiver skilled in in-patient assessment, medication administration, and intravenous therapy. Proven ability to collaborate with interdisciplinary teams to deliver evidence-based care in fast-paced environments while strictly adhering to CNO practice standards and infection control protocols.

## LICENSURE & CERTIFICATIONS

- **Registered Nurse (RN)**, College of Nurses of Ontario (CNO) – Active/In Good Standing (2026)
- **Bachelor of Science in Nursing (B.Sc. N)**
- **Basic Life Support (BLS)**

## PROFESSIONAL EXPERIENCE

### Professional Development & Licensure Process (Ontario, Canada)

November 2023 – 2026

- Successfully completed the CNO registration process, including the NCLEX-RN exam and Jurisprudence Examination, demonstrating a thorough understanding of Ontario's nursing standards and legal frameworks.
- Dedicated full-time to clinical self-study and integration into the Canadian healthcare system.

### Registered Nurse | IVY Hospital – Khanna, India

November 2022 – November 2023

- **High-Acuity Care:** Provided direct, comprehensive nursing care for a diverse patient population in General Ward and ICU settings, managing a caseload of multiple high-needs patients per shift.
- **Clinical Intervention:** Performed advanced clinical procedures including wound care, catheterization, and intravenous therapy while maintaining 100% compliance with strict infection prevention and control protocols.
- **Patient Monitoring:** Monitored vital signs and utilized strong assessment skills to detect early signs of clinical deterioration, facilitating timely interventions with physicians.
- **Interdisciplinary Collaboration:** Actively collaborated with physicians, dietitians, and physiotherapists to develop and execute holistic, patient-centered care plans.
- **Documentation & Compliance:** Maintained meticulous Electronic Health Records (EHR) and physical documentation in accordance with hospital policies and quality standards.
- **Education & Advocacy:** Educated patients and families on complex treatment plans, medication management, and post-discharge recovery strategies to improve long-term health outcomes.

## **KEY SKILLS**

- Clinical: Patient Assessment, Triage, ICU Monitoring, Emergency Response, IV Therapy, Wound Care, Medication Administration, Infection Control (IPAC).
- Soft Skills: Interdisciplinary Teamwork, Critical Thinking, Patient Education, Time Management.
