Registered Nurse – College of Nurses of Ontario (Good Standing)

PROFESSIONAL SUMMARY

Registered Nurse in good standing with the College of Nurses of Ontario, with experience in provincial correctional health care, emergency and acute care, long-term care, and community/school health settings. Demonstrated ability to provide triage and ongoing nursing care, conduct comprehensive health assessments, respond to emergencies and crisis situations, and collaborate effectively within inter-professional health care teams. Skilled in delivering trauma-informed, culturally sensitive, and youth-appropriate care in secure environments while adhering to CNO practice standards, ministry policies, and relevant legislation.

CORE CLINICAL COMPETENCIES

Triage & Ongoing Nursing Care • Comprehensive Health Assessments • Emergency Care & Crisis Intervention • Acute Care & Chronic Disease Management • Youth & Vulnerable Population Care • Case Management & Care Planning • Health Teaching & Counselling • Inter-Professional Collaboration • Medication Administration & IV Therapy • Trauma-Informed Practice • OPS Policy & CNO Standards Compliance

PROFESSIONAL EXPERIENCE

Registered Nurse – Ontario Correctional Institute

Alivia Medical Inc., Ontario | July 2025 – Present

- Provide full-scope registered nursing services within a provincial correctional institution, delivering triage, ongoing care, and emergency nursing services to individuals with complex and unpredictable health care needs
- Conduct comprehensive intake and ongoing health assessments, including physical health, mental health, and substance use screening
- Develop, implement, evaluate, and modify patient-specific plans of care in collaboration with physicians and inter-professional teams
- Respond independently to medical emergencies, acute care situations, and crisis interventions, including overdoses, seizures, self-harm incidents, and injuries
- Contribute to a case management and multi-disciplinary team approach to ensure continuity of care
- Deliver health teaching, counselling, and wellness education to support treatment goals and reintegration planning
- Administer medications and treatments in accordance with CNO standards, OPS policies, and relevant legislation

Registered Nurse – Acute Care

Dr. Satya Pal Mittal Hospital, Punjab, India | Jan 2023 – Mar 2023

- Provided acute nursing care to patients with complex medical and surgical conditions
- Collected, interpreted, and evaluated health information to support comprehensive assessments and clinical decision-making
- Administered IV medications, blood products, and supported emergency and rapid response interventions
- Collaborated with multidisciplinary teams to evaluate responses to treatment and modify care plans

Registered Practical Nurse – School Health

Care Hop Services, Brampton, ON | Oct 2022 – Jun 2023

- Delivered nursing services to children and youth with chronic conditions and special health care needs
- Conducted health assessments, administered medications, and responded to emergency situations
- Provided health education and counselling to students and families
- Ensured compliance with Ontario public health legislation and school health policies

Registered Practical Nurse – Long-Term Care

Tullamore Care Community & West Oak Village, ON | 2022 – 2023

- Provided nursing care to residents with chronic illness, dementia, and complex care needs
- Responded to emergencies, behavioural changes, and acute health status changes
- Collaborated with inter-professional teams to support resident-centred care planning
- Delivered care in accordance with professional standards and best practice guidelines
