Solid experience in critical care, adept at prioritizing and overseeing care to aid patient stability and recovery. Recognized for outstanding communication, clinical insight, and a caring, collaborative mindset.

Experiences

PERSONAL SUPPORT WORKER

APRIL 2024 - PRESENT

Agecare, Aurora

- Assist in the delivery of nursing care by monitoring residents' physical and cognitive health, reporting clinical changes, and supporting care planning.
- Maintain accurate documentation and ensure compliance with infection control and patient safety standards, promoting a high-quality care environment.

PERSONAL SUPPORT WORKER

DEC 2023 - APRIL 2024

Circle of Care, Toronto

- Provided client-centred care in home settings, supporting health monitoring, chronic condition management, and coordination with healthcare professionals.
- Observed and communicated patient status to inform clinical decision-making, while maintaining professional standards and documentation accuracy.

STAFF NURSE

JULY 2022- JULY 2023

Niramay Multi-Speciality Hospital, India

- Provided patient-centred care in the medical-surgical unit, performing assessments, implementing evidence-based care plans, and administering medications and IV therapy.
- Monitored patient status, recognized early complications, and collaborated with interdisciplinary teams to ensure safe, high-quality outcomes.
